

Dear valued customer,

When exposed to certain substances, individuals can develop allergic reactions or intolerances. As the only way to manage these conditions is to avoid being exposed, it is relevant that information about ingredients potentially causing allergies and/or intolerances is available throughout the complete supply chain of a product, ensuring compliant labelling of finished products in the market.

The following tables indicate the allergens/substances absent in *empty hard gelatin or vegetable CONI-SNAP capsules* (transparent or opaque; printed or non-printed, colored or clear)-
